## **School Mission Statement**

***In partnership with parents, St Luke's Church and the local community, we will provide a challenging, creative curriculum which develops the whole child. By providing a safe, caring and stimulating environment where all individuals are valued and respected, we will meet the needs of each school member allowing them to fulfil their potential and prepare them for their future.***

We are a fully inclusive school that aims to ensure all pupils achieve their potential, personally, socially, emotionally and academically in all areas of the curriculum, regardless of gender, ethnicity, religion, sexual identity, physical ability or educational needs.

The Children and Families Act 2014 section 20 defines when a child has special educational needs (SEN). This is when they have a learning difficulty or disability and they need special educational provision (SEP) to be made for them. SEP is defined as any education or training provision which is additional to or different from that generally made for others of the same age.

When a potential special educational need has been identified, a graduated approach will be used. This involves assessing, planning, implementing and reviewing the approach taken with the child, which can become increasingly personalised. This cyclical process, as we build a deeper understanding of the child's needs, enables school to continually reflect upon the approach taken.

The graduated approach based on the [guidance from Bradford Metropolitan District Council's Children's Services for SEN](#) is used to inform the provision in place for each child identified as having special educational needs. This is based on a three range structure which takes account of the following areas of need: Autistic Spectrum Condition, Speech, Language and Communication needs, Moderate learning needs, Specific learning needs, Behavioural, social and emotional needs, hearing impairments, visual impairment, multisensory impairment and physical difficulties.

### How will East Morton CE Primary School let me know if they have concerns about my child's learning?

If your child is identified as not making expected progress or has additional needs, the school will set up a meeting to discuss this with you in more detail and to:

- Share initial concerns between school and home
- Review the provision that has been in place for your child and the impact of this provision
- Arrange additional support or interventions your child may need
- Discuss any further referrals to other professionals if necessary
- Explain and agree the review process that will be in place for your child

### How is extra support allocated to children?

The school budget, received from Bradford LA, includes money for supporting children with SEND.

- The Headteacher decides on the budget for Special Educational Needs and Disabilities in consultation with the school governors on the basis of needs in the school.
- The Headteacher and the SENCo discuss all the information they have about SEND in the school, including:
  - o the children getting extra support already
  - o the children needing extra support
  - o the children who have been identified as not making as much progress as would be expected
  - o deciding what resources/training and support are needed.
- All resources/training and support are reviewed regularly and changes made as needed.

### What are the 'Ranges of Needs'?

Bradford Council has identified 7 'Ranges of Need' for pupils with SEN. Within a mainstream school it is expected that provision will be made for pupils within Ranges 1-3 (and 4 dependent on the individual child).

If a child has a Statement of Special Educational Need or an Education, Health and Care Plan, in which our school is named, then we provide the support detailed in the plan.
