EAST MORTON CE PRIMARY SCHOOL
SEND Policy

School Vision

All are inspired to achieve their full potential in our loving community of life-long learners, where:

- Everyone is valued;
- Every chance is provided for all to flourish in the security of God's love; and
- Every day brings the enjoyment of life in all its fullness.

Core Values

At East Morton, 'Love' is our core value and it is from love which all of our six key values flow:

- Hope
- Peace
- Generosity
- Community
- Wisdom
- Justice

Rationale

At East Morton CE Primary we believe that every pupil with additional needs, special educational needs and/or a disability has an entitlement to fulfil his or her maximum potential. We recognise the importance of providing effective learning opportunities for all pupils through setting suitable learning challenges, responding to pupils' diverse needs and through overcoming barriers to learning and that every teacher is a teacher of every child or young person, including those with SEND.

In implementing this policy, due consideration to equal opportunities, with regard to race, gender, religion and ability, will be ensured with reference to the Race Relations Amendment Act 2000 (as amended) and all other relevant legislation.

Legislation and guidance

This policy is based on the statutory [Special Educational Needs and Disability \(SEND\) Code of Practice](#)

And the following legislation:

- [Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibility for pupils with SEN and disabilities
- [The Special Education Needs and Disability Regulations 2014](#), which sets out schools' responsibilities for education, health and care (EHC) plans, SEN co-ordinators (SENDCOs) and the SEN information report

Our Aim

Our aim is to ensure all children are supported in order that they may work confidently towards reaching their full potential.

Policy and practice reflects the philosophy and fundamental principles within the SEND code:

The Code sets out guidance on policies and procedures aimed at enabling pupils with special educational needs to reach their full potential, to be included fully in their communities and make a successful transition to adulthood.

- A child with special educational needs should have their educational needs met
- The views of the child and parents should be sought and taken into account
- Parents support their child's education
- Children with special educational needs should be offered full access to a broad, balanced and relevant education, including an appropriate curriculum for the Early Years Foundation Stage and National Curriculum.

To achieve our aims we will:

- Work within the guidance provided in the SEND code of practice 2014
- Ensure that those with SEND feel safe within their learning
- Make sure there is no discrimination in relation to those with SEND
- Provide a SENDCo/Inclusion Leader who will work with the SEND inclusion policy and support staff through CPD opportunities with regards to provision for SEND pupils
- Identify need as early as possible and provide effective support
- Operate a 'whole pupil, whole school' approach to the management and provision of support for special educational needs
- View our special needs provision as an ongoing, developing process
- Provide support and advice for all staff working with special education needs pupils which enables all children to have access to the whole curriculum, including the National Curriculum and Early Years Foundation Stage
- Incorporate special educational needs procedures, including SEND learning logs
- Develop an effective partnership and high levels of engagement between school, parents and outside agencies
- Encourage children and parents/carers to participate in decision-making about provision to meet their special educational needs
- Ensure that assessment and record keeping systems provide adequate means of recording attainment and progress and gives sufficient information of progression at every stage
- Track and monitor impact of provision and procedures which have been put into place to ensure children with SEND make significant progress as they move through the school

The Special Educational Needs and Disability Code of Practice: 0 to 25 years: January 2015 states that:

'All children and young people are entitled to an appropriate education, one that is appropriate to their needs, promotes high standards and the fulfilment of potential. This should enable them to:

- Achieve their best,
- Become confident individuals living fulfilling lives, and
- Make a successful transition into adulthood, whether into employment further or higher education or training.'

Equal Opportunities

The staff of East Morton CE Primary School believe that all members of the school should be treated with respect; have individual, diverse needs recognised, and be given the opportunity to reach their full potential, regardless of age, ability, religion, gender and culture.

Admission arrangements

No child will be refused admission to the school on the grounds of additional needs/SEND unless the school cannot adequately meet the needs or safety of that child. All admissions are co-ordinated centrally by the local authority/BMDC.

The school requests school records including National Curriculum Assessments; Child Protection file (where appropriate), and details of any SEND including pupil profiles and the most recent Individual Education Plan (IEP) when a child is transferring from another school.

Special Facilities

There is disabled access to the whole school; there is a disabled toilet, a lift and shower facilities.

All pupils will be offered a broad and balanced curriculum, including the National Curriculum, unless an Education and Health Care Plan states otherwise.

1. We will provide appropriate teaching strategies/resources and differentiated work to suit all needs. Targets should be implemented, at least in part, in the normal classroom setting. Children with additional needs/SEND may be withdrawn for individual or group teaching or attend off-site support groups to meet their specific need.
2. The interventions, which are delivered, will follow a structured approach and will be time-limited. They will be carefully monitored for success and adjusted accordingly for each child as and when necessary.
3. Specialist teachers and other professionals will be consulted where required for advice on ways of ensuring children have full access to all learning opportunities and that any barriers to learning are removed.
4. In certain cases, the school will implement an Early Help Referral to ensure that children with additional needs (and their families) can benefit from the full range of support available to them. This further promotes the multi-agency working which already exists in school.
5. In line with the requirements of the Disability & Discrimination Act (as amended), the school has a duty to make 'reasonable adjustments' for all disabled pupils to ensure that they are not discriminated against or put at a disadvantage.
6. Detailed risk assessments will be carried out to ensure that children's needs are well met on all visits and residential trips.

Identifying Special Educational Needs

Definition of SEND and the four main areas of need

Definition

'6.15 A pupil has SEND where their learning difficulty or disability calls for special educational provision, namely provision different from or additional to that normally available to pupils of the same age. Making higher quality teaching normally available to the whole class is likely to mean that fewer pupils will require such support.'

The Special Education Needs and Disability Code of Practice: 0 to 25 years (January 2015)

Children's needs and requirements may fall into at least one of four areas, though many children will have inter-related needs. All areas of need will have a varying degree of impact upon the child's ability to function, learn and succeed, and we acknowledge that whilst the four areas of need broadly identify aspects of primary areas of need for children at East Morton CE Primary School, we identify the needs of pupils by considering the needs of the whole child, which will include not just the special educational needs of the child.

The four areas of need are:

- **Communication and Interaction**

Children and young people with speech, language and communication needs (SLCN) have difficulty in communicating with others. This may be because they have difficulty saying what they want to, understanding what is being said to them or they do not understand or use social rules of communication. The profile for every child with SLCN is different and their needs may change over time. They may have difficulty with one, some or all of the different aspects of speech, language or social communication at different times of their lives.

Children and young people with ASD, including Asperger's Syndrome and Autism, are likely to have particular difficulties with social interaction. They may also experience difficulties with language, communication and imagination, which can impact on how they relate to others.

- **Cognition and Learning**

Support for learning difficulties may be required when children and young people learn at a slower pace than their peers, even with appropriate differentiation. Learning difficulties cover a wide range of needs, including moderate learning difficulties (MLD), severe learning difficulties (SLD), where children are likely to need support in all areas of the curriculum and associated difficulties with mobility and communication, through the profound and multiple learning difficulties (PMLD), where children are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment. Specific learning difficulties (SpLD), affect one or more specific aspects of learning. This encompasses a range of conditions such as dyslexia, dyscalculia and dyspraxia.

- **Social, emotional and mental health difficulties**

Children and young people may experience a wide range of social and emotional difficulties, which manifest themselves in many ways. These may include becoming withdrawn or isolated, as well as displaying challenging, disruptive or disturbing behaviours. These behaviours may reflect underlying mental health difficulties such as anxiety or depression, self-harming, substance misuse, eating disorders or physical symptoms that are medically unexplained. Other children and young people may have disorders such as attention deficit disorder, attention deficit hyperactive disorder or attachment disorder. Schools and colleges should have clear processes to support children and young people, including how they will manage the effect of any disruptive behaviour so it does not adversely affect other pupils.

- **Sensory and/or physical needs**

Some children and young people require special educational provision because they have a disability which prevents or hinders them from making use of the educational facilities generally provided. These difficulties can be age related and

may fluctuate over time. Many children and young people with vision impairment (VI), hearing impairment (HI) or a multi-sensory impairment (MSI) will require specialist support and/or equipment to access their learning, or habilitation support. Children and young people with an MSI have a combination of vision and hearing difficulties. Some children and young people with a physical disability (PD) require additional ongoing support and equipment to access all the opportunities available to their peers.

The Special Educational Needs and Disability Code of Practice: 0 to 25 years (Jan 2015)

The SENDCo will keep a register of all those pupils/students identified as having SEND in line with the need types shown above.

The SENDCo will ensure that the school census is updated and gives an accurate picture of the SEND cohort in school. Such information will be shared with governors and other professionals when appropriate but pupils/students will not be referred to by name.

Supporting pupils/students with medical conditions

'The Children and Families Act 2014 places a duty on maintained schools and academies to make arrangements to support pupils with medical conditions. Individual healthcare plans will normally specify the type and level of support required to meet the medical needs of such pupils. Where children and young people also have SEN, their provision should be planned and delivered in a co-ordinated way with the healthcare plan. Schools are required to have regard to statutory guidance 'Supporting pupils at school with medical conditions'

The Special Educational Needs and Disability Code of Practice: 0 to 25 years (Jan 2015)

East Morton CE Primary School has a policy in relation to this and it is available on the website or on request.

Supporting pupils/students with a disability

'All schools have duties under the Equality Act 2010 towards individual disabled children and young people. They must make reasonable adjustments, including the provision of auxiliary aids and services for disabled children, to prevent them being put at a substantial disadvantage.'

The Special Educational Needs and Disability Code of Practice: 0 to 25 years (Jan 2015)

This forms part of the duty to implement the Equality Act.

School Information Report for SEND

'The governing bodies of maintained schools and maintained nursery schools and the proprietors of East Morton CE Primary School must publish information on their website about the implementation of the governing body's or the proprietor's policy for pupils with SEN. The information published should be updated annually and any changes to the information occurring during the year should be updated as soon as possible. The information required to set out in the Special Educational Needs and Disability Regulations 2014 and must include information about:

- The kinds of SEND that are provided for,
- Policies for identifying children and young people with SEND and assessing their needs, including the name and contact details of the SENDCo (mainstream schools)

- Arrangements for consulting parents of children with SEND and involving them in their child's education,
- Arrangements for consulting young people with SEND and involving them in their education,
- Arrangements for assessing and reviewing children and young peoples' progress towards outcomes. This should include the opportunities available to work with parents and young people as part of this assessment and review,
- Arrangements for supporting children and young people in moving between phases of education and in preparing for adulthood. As young people prepare for adulthood, outcomes should reflect their ambitions, which could include higher education, employment, independent living and participation in society,
- The approach to teaching children and young people with SEND,
- How adaptations are made to the curriculum and the learning environment of children and young people with SEND,
- The expertise and training of staff to support children and young people with SEND, including how specialist expertise will be secured,
- Evaluating the effectiveness of the provision made for children and young people with SEND,
- How children and young people with SEND are enabled to engage in activities available with children and young people in the school who do not have SEND,
- Support for improving the emotional and social development. This should include extra pastoral support arrangements for listening to the views of children and young people with SEND and measures to prevent bullying,
- How the school involves their bodies, including health and social care bodies, local authority support services and voluntary sector organisations, in meeting children and young people's SEND and supporting their families,
- Arrangements for handling complaints from parents of children with SEND about the provision made at the school.'

The Special Educational Needs and Disability Code of Practice: 0 to 25 years (Jan 2015)

East Morton CE Primary School ensures that the school information report is updated at least once a year and is easily accessible on the website. The SENDCo is responsible with the support of the leadership team in producing this report.

The Local Offer

The school information report links to the local authority's local offer. It is the responsibility of the local authority to update the local offer. The local offer can be accessed through the usual authority website.

East Morton CE Primary School works in partnership with the local authority's central SEND team who are responsible for providing statutory assessments and Education, Health and Care (EHC) plans when necessary.

East Morton CE Primary School will also engage local authority specialists when appropriate such as educational psychologists, child and adolescent mental health workers, specialist teachers, and speech therapists.

The identification, assessment, monitoring and provision for learners with SEND

“Special educational provision is educational or training provision that is additional to or different from” that made generally for others of the same age. This means that goes beyond the differentiated approaches and learning arrangements normally provided as part of high quality, personalised teaching”. SEND Code of Practice (2014).

“This is not necessarily “more literacy” or “more maths” but would be interventions which address the underlying learning needs of the pupil in order to improve his or her access to the curriculum.”

“Achievement for All” (National Strategies: 2009).

- We believe that all learners should have access to Quality First Teaching.
- All teachers are teachers of SEND children and have a responsibility for their learning.

Funding for School Support and High Needs

Since September 2014, East Morton CE Primary School has identified pupils/students into three main groups: those accessing school support (K), those with an Education, Health and Care plan (E) and those who do not require any additional support (N).

Pupils/students accessing school support do so in relation to an amount identified within the school's overall budget, called the notional SEND budget. This is not a ring-fenced amount, and it is for the SENDCo and senior leaders in consultation with others, to decide on the appropriate provision and to allocate costs to this.

Strategic financial planning has to be taken in to account.

‘It is for schools, as part of their normal budget planning, to determine their approach to using their resources to support the progress of pupils with SEND. The SENDCo, Headteacher and governing body or proprietor should establish a clear picture of the resources that are available to the school. They should consider their strategic approach to meeting SEND in the context of the total resources available, including other resources targeted at particular groups, such as the pupil premium’.

The Special Educational Needs and Disability Code of Practice: 0 to 25 years: January 2015

Those pupils/students with an Education, Health and Care Plan may have ‘top up’ funding allocated to them by the local authority because of their high needs. The statutory review process will monitor expenditure in such cases against impact.

‘Schools are not expected to meet the full costs of more expensive special educational provision from their core funding. They are expected to provide additional support, which costs up to a nationally prescribed threshold per pupil per year. The responsible local authority, usually the authority where the child or young person lives, should provide additional top-up funding where the cost of the special educational provision required to meet the needs of an individual pupil exceeds the nationally prescribes threshold.’

The Special Educational Needs and Disability Code of Practice: 0 to 25 years (Jan 2015)

East Morton CE Primary School will ensure that all national and local processes in relation to supporting pupils/students with an EHC plan are adhered to and that appropriate paperwork is completed.

Identification and Assessment:

Children's needs should be identified and met as early as possible through:

- The analysis of data (entry profiles, Foundation Stage Profile scores, reading ages, whole-school pupil progress data, information from previous settings, information from other agencies).
- Classroom based assessment and monitoring arrangements.
- Ongoing discussions between the Class teacher, Inclusion Leader and SLT through formal (Pupil Progress Meetings) and informal methods.
- Following up parental concerns.
- Tracking individual progress over time.
- Undertaking more in depth individual assessments (may be using commercially available assessments) to deliver appropriate and useful information on a pupil's needs.
- Involving external agencies where it is thought that a SEND is significant.

Curriculum Access and Provision

Where children are underachieving and/or identified as having SEND, the school may provide for these additional needs in a variety of ways:

- Teachers differentiate work, tasks, resources and/or expectations as part of Quality First Teaching.
- Wave 2 or 3 interventions.
- Small group withdrawal.
- Additional support, using staff, timetable, groupings, additional activities and additional resources.
- Using recommended aids, such as laptops, coloured overlays, visual timetables, larger font, etc.
- Differentiating our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, etc.

Monitoring and Evaluation

The monitoring and evaluation of the effectiveness of our provision for SEND learners carried out in the following ways:

- Ongoing teacher assessment
- Ongoing assessment of progress made by intervention groups
- Work sampling/book scrutiny on a termly basis
- Scrutiny of planning
- Learning walks to monitor provision
- Teacher interviews with SLT at regular Pupil Progress meetings.
- Informal feedback from all staff.
- Classroom observations by Inclusion Leader, Key Stage Leader, SLT
- Pupil progress tracking using the whole-school assessment trackers
- Attendance records and liaison with Education Welfare Officer
- Head teacher's report to the Governing Body

The Graduated Approach to identifying SEND Procedures:

Identifying a possible SEND need

Early discussions to identify whether a child needs special educational provision are vital, to make sure:

- Everyone develops a good understanding of the pupil's areas of strength and difficulty
- We take into account the parents' concerns
- Everyone understands the agreed outcomes sought for the child
- Everyone is clear on what the next steps are

If the school or parents believe that a child may have a possible SEND need then the following guidelines may be implemented:

- Any concerns should be passed on to the class teacher and then the SENDCo, who will organise a meeting where relevant with the parent/carer and class teacher
- Should parents and school agree, then the child will be added to the school's SEND register
- Should the child be added to the SEND register, then they will be closely monitored by the SENDCo and SEND Learning Logs and Passports will be completed (at least termly)
- Should any referrals to outside agencies be required, parental permission will be sought, and these will be made
- Parental reviews will take place at each parents' evening with the class teacher, and parents will be able to make an additional appointment with the SENDCo should they wish

Education, Health and Care Plans

- Pupils with an Education, Health and Care Plan will have access to all arrangements for SEND children as above, in addition, will have an Annual Review of their EHCP.
- East Morton CE Primary will comply with all local procedures when applying for an EHCP and will ensure that all pre-requisites for application have been met through ambitious and pro-active additional SEND support using our devolved budget at an earlier stage to EHCP.
- Our review procedures comply with those recommended in Section 6 and 9 of the SEND Code of Practice 2014 and with Bradford MDC policy and guidance – including timescales set out within the process.
- For children who have an EHCP in Year 6: Preparations for transfer to secondary school will start in Year 5. Parents/carers will be asked to visit possible secondary schools. The Annual Review will take place in the Summer term of Year 5 to ensure the EHCP has accurate targets and priorities prior to the submission of secondary school choices (Autumn Term: Year 6). Once a secondary place has been allocated (by Easter) the SENDCo/SEND team of the receiving school will be invited to the Annual Review (Summer Term: Year 6) and further reviews, as appropriate.

Other processes in school

Individual behaviour plans

IBPs are completed for children who need an alternative behaviour system in school. IBPs will be updated by the Class Teacher and the Inclusion Leader where necessary.

Personal Education Plans (PEPs)

PEPs are completed for these children who are 'Looked After'. The Inclusion Leader and/or Designated Teacher for Looked After Children is responsible for liaising with the child's social worker and carers to set up a PEP review meeting. It is the social worker's responsibility to update and circulate the plan. PEPs should be updated every 6 months.

Health Care Plans

Health care plans are held in school for children who have long-term, life impacting medical conditions such as epilepsy, anaphylaxis or diabetes. They inform staff of procedures to follow in the event of the child becoming ill with that condition. Health care plans are generally set up by health professionals, in consultation with parents/carers. It is the health care professional's responsibility to update or amend the plans.

East Morton CE Primary School will also set up a health care plan, on the advice of parents, and will consult with the school nurse on the appropriateness of the plan.

Roles and Responsibilities

The Governing Body

The Governing Body, in consultation with the Head Teacher, determines the school's policy and approach to provision for pupils with special educational needs, establishes the appropriate staffing and funding arrangements and maintains a general overview of the school's work.

The Governing Body, have regard to the Code of Practice:

- Ensure appropriate provision is made for any child with SEND
- Ensure all children, including those with SEND have access to a broad, balanced and appropriately differentiated curriculum
- Appoints a representative of the Governing Body to oversee SEND provision
- Ensure that pupils with SEND are fully involved with school activities
- Ensure they are involved in developing and reviewing SEND policies

The SEND Governor at East Morton CE Primary School is Mrs Elizabeth Linacre.

The Head Teacher

The Head Teacher is responsible for the day-to-day management of all aspects of the school's work, including provision for special educational needs. The Head Teacher keeps the Governing Body informed of all developments with regard to SEN. The Head Teacher informs parents of the fact that SEND provision has been made for their child.

Admissions

In every instance, when a parent seeks advice for a child at East Morton CE Primary, the Head Teacher will:

- Ascertain whether or not the child is the subject of an EHCP (parents are to record this information on the schools admission form)

- Inform the parent that the child cannot be admitted to the school if it is not named in the EHCP until the LA have been consulted
- Informs the LA that an approach for admissions has been made

SENDCo/Inclusion Leader

Our SENDCo/Inclusion Leader, Emma Petts is a qualified teacher and a member of the Senior Leadership Team.

The role of the SENDCo involves:

- Overseeing the day-to-day operation of the school's SEND policy
- Ensuring an appropriate budget allocation to meet SEND
- Interpreting legal requirements for staff, parents and governors
- Co-ordinating and evaluating provision, including interventions, for children with SEND
- Monitoring the progress of children with SEND alongside the class teacher
- Liaising with and advising teachers whenever necessary
- Monitoring and evaluating the quality of provision
- Overseeing the records of all children with SEND
- Maintenance of the SEND provision register
- Liaising with parents of children with SEND
- Organising and delivering INSET in order to meet the needs of staff
- Liaising with external agencies including the LA's support and educational psychology services, health and social services, and voluntary bodies
- Ensuring that relevant background information about individual children with SEND is collected, recorded and updated
- Being part of the school's leadership team

Other inclusion roles include

- Fulfilling the role of the designated teacher for Looked After Children
- Monitoring and tracking the progress of other groups in school including those eligible for pupil premium funding and EAL children
- Overseeing that children with medical needs have their needs met in school
- Be the lead in schools for any CAFs
- Being the named person for vulnerable children and child protection
- Liaising with families and other agencies

Teachers

They will:

- Clearly identify the role of teaching and support assistants
- Recognise the importance of providing effective learning opportunities for all pupils through setting suitable learning challenges, responding to pupils' diverse needs and through overcoming barriers to learning and that every teacher is a teacher of every child or young person, including those with SEND
- Be aware of the school's procedures for the identification and assessment of, and subsequent provision for, pupils with SEND
- Work with the SENDCo to decide the action required to assist the pupil to make progress
- Work with the SENDCo to collect all available information on the pupil
- Develop and review the SEND Learning Log for pupils identified with SEND
- Work with SEND pupils to deliver the individual programme set out in the Learning Log
- Develop effective relationships with parents

- Encourage pupils to participate in decision-making
- Be involved in the development and review of the school's SEND policy
- Continuously assess pupil progress and identify the next steps to learning
- Keep parents informed of pupil progress
- Work with the SENDCo to identify their own training needs around SEND

Teaching Assistants

- Provide relevant support to identified pupils
- Develop positive working relationships with parents and professionals
- Assist with recording, monitoring and evaluation of pupils' progress
- Assist with the identification and effective provision of appropriate resources
- Attend liaison, team and service meetings and undertake appropriate INSET

Pupil Participation

The school actively encourage the involvement of children in their education. We do this by:

- Involving the child in decision making regarding the methods by which their individual needs will be met
- Inviting the child to attend all or part of review meetings
- Discussing the purpose of assessment arrangements and the implications of the Learning Log with the child
- Encouraging the child to comment on his or her SEND provision through an appropriate medium
- Involving the child in the implementation of the Learning Log
- Aim to further develop the child's self-confidence and self-esteem

Parent/Carer Participation

The school actively encourages and recognised the rights of parents/carers in terms of their involvement in the provision for their child's special educational needs. We:

- Involve the parent/carers in decision making regarding the methods by which their child's individual needs will be met
- Invite the parent/carers to attend all review meetings where necessary
- Discuss the purpose of assessment arrangements and the implications of the Learning Log
- Encourage the parent/carers to comment in writing on their child's SEND provision
- Ensure the parent/carers are aware of their rights to appeal regarding aspects of their child's SEND provision
- Aim to further develop the parent/carers' confidence in the provision made for their child's special educational needs

Voice of the Child

Pupil/student participation is encouraged at all levels throughout East Morton CE Primary School. It is important to differentiate opportunities for those with SEND to express themselves, and to contribute to their target setting process.

The SENDCo will talk to the SEND pupil/student on a regular basis as well as in formally planned meetings.

The pupil/student should be aware of identified caring adults they can meet with to help them feel safe and to help them with their education.

Education of Pupils with Medical Needs (Ref: DFES/0732/2001)

A pupil who is unable to attend school because of medical needs must not be removed from the register without parental consent, even during a long period of ill health, unless the school medical officer certifies him or her as unlikely to be in a fit state to attend school before ceasing to be of compulsory school age.

Schools should:

- Notify the LA/EWO if a pupil is likely to be away from school due to medical needs for more than 15 working days
- Supply the appropriate education provider with information about a pupil's capabilities, educational progress and programmes of work
- Be active in monitoring progress and reintegration into school, liaising with other agencies as necessary
- Ensure pupils are kept informed about social events and are able to participate through homework if necessary
- Facilitate liaison with peers through visits and videos if necessary
- Ensure pupils have access to public examinations possible as external candidates

For further information on this please refer to our policy on supporting pupils at school with medical needs.

Enabling pupils with SEND to engage in activities available to those in the school who do not have SEND

- All of our extra-curriculum activities and school visits are available to all our pupils, including our before and after school care club
- All pupils are encouraged to go on our residential trips
- All pupils are encourage to take part in sports day/school plays/special workshops/sports events etc.
- No pupil is ever excluded from taking part in these activities because of their SEN or disability.

Support for improving emotional and social development

We provide support for pupils to improve their emotional and social development in the following ways:

- Pupils with SEND are encourage to be part of all of school life, including being buddies, attending all lessons and extra-curricular clubs to promote teamwork/building friendships etc.
- We have a zero tolerance approach to bullying

Liaison with other agencies

The school works closely with outside agencies. Advice and expertise is drawn from Social Services and Health Authority employees. We also work in partnership with the Education Welfare Department.

Bradford LA provide the 0-25 SEND Inclusive Education Services, which provides support for children and young people with cognition and learning needs, communication and interaction needs, including autism; social, emotional and mental health needs; sensory and physical/medical needs.

The service is equipped with a team of advisory staff who may be called upon to offer advice and support. Other specialists available include:

- Language Specialist Teachers
- Early Years Specialist Teachers
- Speech Therapists
- Visually Impaired Specialist Teachers
- Hearing Impaired specialist Teachers
- Physical Difficulties Specialist Teachers

The school also values the importance of developing effective relationships with other neighbourhood schools, secondary schools and special units. We will share information with the school, or other setting the pupil is moving to with agreement from parents as to the information which will be shared.

In-Service Training/Funding

The Special Education Needs Policy and Guidelines are subject to regular whole school review and evaluation. The SENDCo attends relevant courses and Academy Trust workstreams to ensure that all staff are familiar with developments in SEND. All staff must notify the SENDCo if they need further training in school procedures or support for children. Training, for both teaching and non-teaching staff is provided as necessary and the SENDCo ensures all staff are aware of training available within the LA Continuing Professional Development Programmes as well as from outside agencies. Priorities for training with regard to SEND will be specified within the Schools Development Plan. The SENDCo gives feedback to the Governing Body on SEND provision at Governor's meetings.

There is an allocated budget for SEND/Inclusion and the effective spending of this is the responsibility of the SENDCo and the Headteacher.

<http://www.legislation.gov.uk/uksi/2014/1530/schedules/made>

<https://www.gov.uk/government/publications/send-code-of-practice-0-to-25>

Complaints Procedure

The school's complaints procedure is outlined on the school website. The SEND Code of Practice outlines additional measures the LA must set out for preventing and resolving disagreements. There is a requirement of local authorities to provide mediation services for those parents/carers of a pupil/student with SEND as an additional provision to the usual complaints procedure. There is a national SEND tribunal that will formally address conflict or unhappiness for those with highest SEND need. East Morton CE Primary School will do everything possible to work with parents/carers to ensure that local and national complaints bodies will never have to be sued. Parents/carers will be given the necessary information upon request.
