

THIS WEEK IN SCHOOL

Everyone, Every chance, Everyday!

Our annual **Class Photos Day** took place, and it was wonderful to see all the children looking so smart and proud in their uniforms on Monday.

Across the school, important assessments also got underway this week. Year 4 pupils completed their Multiplication Tables Check with great determination, showing how hard they have worked this year. Our KS1 children completed their Phonics Screening Tests, approaching the challenge with enthusiasm and confidence. We were incredibly proud of all the children for their effort and positive attitudes.

We held our Relationships and Health education resources sharing on Thursday afternoon. The consultation period is still open: [Relationships and Health Education Consultation link](#)

Tonight we have our Summer Disco and look forward to the hall being filled with music, laughter, and plenty of dancing!

SAFEGUARDING

The promotion of health and wellbeing in children and young people is paramount for preventing long term mental health problems. In addition to the support offered by the NHS School Nursing Team, parents now have access to an NHS Mental Health Support Team.

The MHST is made up of qualified and experienced practitioners that understand and can help young people's emotional and mental health difficulties, using a range of individual interventions. Our dedicated team members are Megan Clayton and Tillie Davies and they can help with children's mild to moderate:

- Low mood
- Worries
- Anxieties including general anxiety, social, separation and phobias
- Anger and irritability
- Panic Phobia
- Self-harm

To access individual support for your child, please contact Mrs Petts to arrange a discussion in the first instance.

The MHST also host a Parent Support Group online every half term. Please email them for further information on these sessions.
